Community Consultation

#YouSaidWeDid

You said – Anti-Social Behaviour

We did – We are currently investigating reports of an off-road bike around Brookside and Far Lash area. We will be completing home visits and dealing with the vehicle involved. If you have any video footage or details to those involved, please get in touch. Community resolutions, litter picking, warning letters, section 59's are all ways that we that we can deal with anti-social behaviour when suspects are identified. We regularly work with local schools to deal with issues reported/raised by residents. Anti-social behaviour can include neighbour disputes which we will also work with HBBC to try and resolve.

You said – Criminal Damage (Graffiti)

We did – We have had no further reported incidents following the incidents in February near Sapcote Road, Sketchley Road and Hinckley Road Park. HBBC were notified and images were sent to Hinckley officers to try and identify the "tag". These images will be kept for as and when anyone is caught going forward where their "tags" match. Door to door and CCTV enquiries were made to try and identify a suspect. Local residents were informed and will hopefully be able to help going forward if there are any future incidents.

You said – Road Safety

We did – We have put signs up around the village warning motorists around "children crossing". These have gone up in 10 locations so far. We have some work planned in for March and April to continue with supporting local residents. We also regularly post on neighbourhood link around vehicles recovered and seized. We also continue with patrols around higher risk areas such as schools.

You can **fill in surveys** to help determine the Burbage priorities each month via this link.
