

Dear Customer

Re: M6 junction 1 to junction 4 combined maintenance work

I'm writing to inform you of some upcoming maintenance work on M6, near Coventry. This work will be carried out on our behalf by our contractor, Kier.

What we're doing and why?

We'll be carrying out maintenance work on M6 between junction 1 and junction 4, including M6 junction 2/A46 roundabout and M6 junction 4/A446 roundabout. Our work will include resurfacing, renewal of road markings, and the replacement of bridge joints. The work has been identified as a number of our assets are showing signs of deterioration. Once complete, this will ensure we continue to provide a safer road to road users at all times.

When will this work take place?

Our work will start on 11 April 2022, and run through until 26 June 2022. We'll work overnight when traffic volumes are lower from 9pm to 6am, Monday to Saturday. To reduce disruption further, we'll work in phases which will include overnight lane closures and full carriageway closures. Working overnight ensures minimal impact to the road user and local economy.

What does this mean for you

During closures a fully signed diversion will in place. For more information, please refer to the attached '**M6 traffic management programme**'.

We'll make every effort to carefully manage noise and additional lighting whilst we work at this location to minimise the impact to local residents. We'll also aim to reopen the carriageway as soon as it is safe to do so.

Our work is subject to change due to bad weather or any other unforeseen circumstances.

Access will be maintained throughout for the emergency services.

Find out more

If you have any questions, or if you would like to know more about our work, please call us on **0300 123 5000** or email info@highwaysengland.co.uk. You can also visit our website at highwaysengland.co.uk/roads/ or write to us at Highways England, National Traffic Operations Centre, 3 Ridgeway, Quinton Business Park, Birmingham, B32 1AF.
